## SANLORENZO S.P.A.: PRESS RELEASE

**Ameglia (SP), 11 November 2020** – Regarding the investigation conducted to identify practices of exploitation of foreign workers in the shipyard zone of La Spezia on the part of a company that operated as a sub-contractor, Sanlorenzo S.p.A. (“**Sanlorenzo**” or the “**Company**”) confirms that it is at the disposition of the judicial authorities, and has guaranteed and will continue to ensure maximum cooperation.

In its organizational and management procedures, Sanlorenzo has always applied rigorous systems of control over the operations of its contractors and subcontractors, expressly covering maximum protection of workers among the various principles and practices. These strict specifications can only have been violated as a result of very grave misconduct, which the Company considers fully unacceptable.

Sanlorenzo has been surprised and indignant to learn of this misconduct, which comes to light as the result of investigative activities and could not otherwise have been detected. Such conduct is in clear conflict with the ethical and moral values of social sustainability actively pursued by the Company for many years.

In this regard, we cannot exclude legal action on the part of Sanlorenzo against those who, through such misconduct, damage the Company’s reputation and image.

Where production is concerned, the Company confirms that the sub-contract in question is residual with respect to the activities carried out, and that the measures taken as of yesterday will permit avoidance of any impact on operations and on the achievement of scheduled production goals.
